Wetland Regulations: Workshop for Planners and Land Use Professionals

A TWO - PART* **VIRTUAL** TRAINING

**PARTICIPANTS ARE ENCOURAGED, BUT NOT
REQUIRED TO ATTEND BOTH SESSIONS*

Course Description

Session 1: Participants will (1) Gain a current overview of wetland regulations, permitting, and common circumstances that result in violations (2) Learn to recognize basic identifying characteristics of wetlands and how they are used in delineation (3) Hear directly from federal and state agencies about regulation development, permitting processes, roles and responsibilities.

Session 2: Participants will (1) Understand wetland ecosystem functions and services (2) Learn the legal basis for wetland protections, including recent changes to wetland rules (3) Hear case studies on local-level requirements and techniques for protecting people and property.

Co-hosted by the North Inlet - Winyah Bay NERR and
ACE Basin NERR. For more information, contact -
